JUNIORS

The Club is in desperate need of someone to step up and take on the position as Junior Leader.

We have more and more children, grandchildren, nieces and nephews of members who could use some positive influences in their lives. There was a time when we had an active Junior Anglers group with their own board of officers, their own activities, functions, and sense of importance in our club. Many of those Juniors now make up a big part of our adult membership.

If anyone is interested in taking on the position of reviving our Juniors, please contact a board member or come to the Executive Board meeting Monday, February 5th at 7 PM.
